

EDUCATION

National Institute of Technology, Raipur	Raipur, India
Bachelor of Technology GPA: 7.95	December 2020 – May 2024
Kendriya Vidyalaya Kanpur Cantt, Kanpur	Kanpur, India
Intermediate Percentage: 92.4	April 2018 - July 2019

SKILLS SUMMARY

- Languages: Java, Javascript, Typescript
- Frameworks: Angular, Spring Boot
- Database: MongoDB
- Tools: Git, GitLab, GitHub, Visual Studio Code, IntelliJ IDE
- Others: Object Oriented Programming (OOP),Data Structure and Algorithms (DSA)
- Soft Skills: People Management, Leadership, Communication

WORK EXPERIENCE

Associate Software Engineer | Biz2X

August 2024 – Present

- Developed a **DSL Configurator** that allows bank admins to dynamically enable/disable and reorder form fields within loan applications, reducing developer dependency for customization by **50%**.
- Designed a Letter-Template Interface using the GrapeJS library, reducing manual documentation time by **80%** and enhancing customization for **13+ bank templates** across U.S. clients. Revamped automation processes, resulting increase in overall productivity.
- Implemented a metadata-driven approach to centralize application logic, enabling self-service configuration for business users and significantly reducing developer dependency.
- Modified the Orchestrator layer to resolve DSL-generated slugs by dynamically retrieving corresponding form-field configurations from the Metadata Service at runtime.
- Delivered a fully configurable loan journey using DSL, enabling bankers to modify field labels, order, validations, and visibility rules without developer dependency.

PROJECTS

Hostel Chatbot [LINK](#)

February 2023 - March 2023

- Created a **user-centric Hostel Chatbot** to simplify complaint submissions, reducing processing time by **30%** and enhancing accessibility for **100+ users**; selected as a **finalist at VIGYAAN (National Science Exhibition)**.
- Built a Warden Dashboard, enhancing issue tracking and resolution speed by 40%
- Implemented secure JWT authentication, reducing unauthorized logins by 80%

Attendance Marker [LINK](#)

November 2023 – December 2023

- Integrated geolocation API to enhance attendance verification accuracy, enabling precise tracking of student attendance with 10% margin for error.
- Reduced attendance tracking time from 15 minutes to just 1 minute, improving efficiency for 110+ students
- Leveraged **MongoDB** for database management, achieving a **significant improvement** in storage and retrieval efficiency for **110+ student attendance records**.

ACHIEVEMENTS

Finalist in VIGYAAN(National Science Exhibition) | [CERTIFICATE](#)

- Among top 30 teams across the country, organized by NIT Raipur

Solved over 800 problems on Leetcode:

- Solved **800+ problems** on **LeetCode**, ranking among the **top 12%** globally. Achieved a **maximum rating of 1700+** and a **peak rank of 1600**.

2nd Prize In Hindi Poem Writing: | [CERTIFICATE](#)

- Secured **2nd Prize** in **Hindi Poem Writing**, organized by the **Rajbhasha Committee, NIT Raipur**.
